08/13/2019 03:09:32 PM	Voter /Elector		Arboretum - A3 - Skittle Alley - Goodrest Tavern, Barker Street, WR3 8NP	Very satisfied	Very easy to get to, plenty of parking and easy access for people with mobility problems.	Yes (please give details of alternate location, including address and postcode)	Nothing else locally more suitable.	I think Cathedral Ward (I'm a former resident of that ward), given its size, population and geography should have more than the current number of polling stations. Also the parishes are large geographically and I believe they should have more polling stations to increase turn out and make it easier for those with mobility problems to go and vote. It seems that car users get preferential treatment to those who walk, use public transport or mobility aides.	Acknowledged

10/10/19 22:23	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	I am very dissatisfied with the proposal for changing the Polling Place for districts B2 and B3 from St Mark's Church to Cherry Orchard Primary School due to the following reasons: The church has all the required access: a ramp for wheelchair access, toilet on the same level, a car park. It may not be geographically in between B2 and B3 but it is only a 5 minute walk from the School and vehicular access is similar if not easier for the Church. The bus stop is right outside the Church grounds, but it is a 5 minute walk to the school. The Church has its own, ample seating already in place. Conversely, changing the polling place to the School will result in a day's closure of the school needlessly when parents are fined for taking their children out of school for 1 day! When the Government is constantly highlighting the impact of losing a single day of education, it seems ridiculous to change from an existing polling place to one which will affect the education of hundreds of students.	Yes (please give details of alternate location, including address and postcode)	The existing polling place: St Mark's Church		Acknowledged
10/10/19 20:42	City Councillor		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Dissatisfied	The use of Cherry Orchard as a polling station appears unnecessary	Yes (please give details of alternate location, including address and postcode)	To date Blessed Edward has been used		Acknowledged
10/10/19 19:43	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	The school is being forced to close because of this change and it will have a dramatic impact on the parents who have children at the school, causing many of them to have to take time off from work and causing them to lose money on childcare arrangements that are already paid for and in place, as well as the loss of a day's holiday. Others might need to call upon family to do this at short notice. The school will lose out financially and in terms of a day's education for its pupils, which is ridiculous given that schools are being asked to penalise and chastise parents for taking their child out of school in term time! The school will lose out financially too, as it will have to pay for the school meals that would be served on that day, as well as paying staff at the school to offer wrap around care, whilst being unable to offer it to parents as the school will be accessible to strangers. This decision has not been thought through and to our knowledge, there was no pressing desire from the community to change the previous arrangements using St. Mark's Church. To avoid causing a massive issue for parents, pupils and staff at the school as an unintended consequence of this decision, I would urgently request that the decision to use COPS is revoked and not considered in future. A bureaucratic decision, taken at a remove from the community that it impacts upon, could end up costing us several thousands of pounds to implement, which could in turn lead to someone losing their job as a result. Is this reasonable?	Yes (please give details of alternate location, including address and postcode)	St Marks Church, Orchard Street, Battenhall,		Acknowledged
10/10/19 18:06	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very satisfied	I strongly disagree with the proposed relocation of polling to Cherry Orchard Primary School. Education shouldn't be interrupted when there is an alternative venue nearby. If it's wrong for parents to take their children out of school in term time then surely this proposal is not on!	No			Acknowledged
10/10/19 17:41	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	I am happy with the existing one. It is easily accessible either walking or driving.	No		If it is moved to a school it causes issues for the teachers, children and parents. It is not necessary to move building so why bring in more complications. There is good car parking and disabled access at the church so why move?	Acknowledged

10/10/19 12:41	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very satisfied	The above question is stupid! How can you give one answer for two options? I am very satisfied with the arrangements for St Marks Church being used as a Polling Station. It fits all the criteria in the box above. I am very dissatisfied with the proposed arrangement. Why disrupt a school for one day when use of the Church would cause no disruption at all. There would also be a large cost to the school with regards to unused school meals. Working parents would also have to make other arrangements for their children. Surely this is a total nonsense. St Marks has been used successfully as a polling station on a few occasions and, with the alterations that have been made, it is more than ideal when compared with closing a school for a day!	No		What is the main reason for this proposed change, COST? As I have commented before, St Marks is ideal so why change it?	Acknowledged
10/10/19 11:52	Existing/proposed polling place contact		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very satisfied	The proposed arrangements to move the polling station from St Marks Church, where there is adequate parking and opening it affects no-one, is ridiculous. If it goes over to Cherry Orchard Primary School, it will severely disrupt the children, parents, staff and lots of other people involved. In addition, there is a huge cost to the school that can be ill afforded; personally, I am furious at the proposals. I believe that more thought should be given to the whole situation	No		Yes, think this through again and have more consideration for those who will be severely disrupted by the closure of a primary school. It isn't just the school, it is the cost to parents who will have to arrange for child care and/or take a day's holiday each time there is an election.	Acknowledged

10/09/19 20:20	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	The school is being forced to close because of this change and it will have a dramatic impact on the parents who have children at the school, causing many of them to have to take time off from work and causing them to lose money on childcare arrangements that are already paid for and in place, as well as the loss of a day's holiday. Others might need to call upon family to do this at short notice. The school will lose out financially and in terms of a day's education for its pupils, which is ridiculous given that schools are being asked to penalise and chastise parents for taking their child out of school in term time! The school will lose out financially too, as it will have to pay for the school meals that would be served on that day, as well as paying staff at the school to offer wrap around care, whilst being unable to offer it to parents as the school will be accessible to strangers. This decision has not been thought through and to our knowledge, there was no pressing desire from the community to change the previous arrangements using St. Mark's Church. To avoid causing a massive issue for parents, pupils and staff at the school as an unintended consequence of this decision, I would urgently request that the decision to use COPS is revoked and not considered in future.A bureaucratic decision, taken at a remove from the community that it impacts upon, could end up costing us several thousands of pounds to implement, which could in turn lead to someone losing their job as a result. Is this reasonable?	Yes (please give details of alternate location, including address and postcode)	St Marks Church-current location		Acknowledged

Is this reasonable?	Yes (please give details of alternate location, including address and postcode)	The current setting of St Marks Church should continue to be the polling station for B2 and B3. As it is also proposed to move Cathedral Ward residents to vote there, the building will remain a polling station at election time. This suggests a better alternative for the whole community, including the families of 630 children who would be displaced for a day, sometimes at short notice.	The suggestion to use Cherry Orchard Primary School as a Polling Station was done with no thought on the consequences to the community that would be affected by the proposal.	Acknowledged

10/09/19 14:17	Existing/proposed polling place contact		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	The proposal to move to Cherry Orchard Primary School is severely disruptive for the 600+ pupils, the 100+ staff and the hundreds of parents who will potentially need to make alternative arrangements for their children and likely affect the local economy by needing days off work as a result. I've also been made aware that the school were only informed of this proposal recently and that, despite their strong protestations, they have been asked to accept the decision. If we also look at the likely general election date we find another highly disruptive element as it will almost certainly fall just days before the children in Year 6 sit their SAT tests. This adds a toxic element of unnecessary stress and anxiety to the children and teachers at that time as well as potentially affecting their academic results; do we really think that this change is warranted if the net result is a detriment to the mental health of children and adults alike? 10/07/19 20:36	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	Choosing a school that will have to be fully closed for every election is denying students their entitlement to 190 days per year of education as set out in the education act. It is also down a single tract road that is shared with us shared with Worcester outpatients unit and will cause access disruption for them at peak times.	Yes (please give details of alternate location, including address and postcode)	Blessed Edward High school, this location could continue to function while only an area of the school is closed ie the sports hall. 10/04/19 16:23	Voter /Elector		Battenhall - B2 - The Church - St Marks Church, Orchard Street, WRS 3DW	Very dissatisfied	I don't think this should be changed to Cherry Orchard Primary school. Over 600 pupils would miss a days primary education, especially as polling dates are generally close to SATS exams. Parents would also have to take annual leave (if they're able) to look after children for the day. If the polling station were to be moved to Blessed Edwards, this would make more sense as parents wouldn't need to take annual leave as the children are older. Although I don't see why the polling station can't stay in the church as it is so close to Cherry Orchard school. The use of the school would cause significant disruption to hundreds of family's lives by closing the school on this day and therefore should be absolutely avoided.	Political events should not disrupt our children's education. 10/10/19 10:48	Existing/proposed polling place contact		Cathedral - D1 - Portakabin - Car Park adjoining Play Area, Waverley Street, WRS 3DH	Very dissatisfied	I write to comment on the proposal to utilise Cherry Orchard Primary School as a polling station, as a parent of 2 children at the school. As I read the proposals, the Portakabin in Waverley St, moves to St Marks and St Marks to Cherry Orchard. The portakabin at Waverley is a perfectly good solution and I see no justification for shuffling polling stations and causing such disruption at the school.	Yes (please give details of alternate location, including address and postcode)	Any that doesn't require 700 people to lose out on a day of their working/school life. In my view there is no need to change the current arrangements.		Acknowledged

10/03/19 05:13	Existing/proposed polling place contact		Claines - E3 - Church Hall - Ombersley Road Methodist Church, Ombersley Road, WR3 7BW	Very satisfied	Regarding comments for the existing Church hall used not being suitable for disabled access. The other hall on the premises has full disabled access, disabled toilets and disabled parking. This building has been offered for use instead of the existing building on numerous occasions. The Sons of Rest building has NO parking at all for anyone. Lavender Road is very narrow at that point and is often blocked by vehicles unable to move. Access to Lavender Road is one way, the exit being down congested car lined roads which many people drive along pavements to get past. 08/14/2019 03:21:23 PM	Voter /Elector		Claines - E3 - Church Hall - Ombersley Road Methodist Church, Ombersley Road, WR3 7BW	Satisfied	Has off road parking, is empty in the day so isn't causing closure to services, loads of space inside.	No		I think there are way too many polling stations in this area and they could be condensed to save huge amounts of costs. I am unhappy at the amount of funding that elections require and the sheer amount of polling stations so close together. I am close to St Stephens church and have no idea why my whole area cannot just use that polling station for example. They're always quiet and I don't feel the effect would be huge if you moved a member of staff over too to support.	Acknowledged
08/10/19 10:00	Voter /Elector		Claines - E3 - Church Hall - Ombersley Road Methodist Church, Ombersley Road, WR3 7BW	Neither satisfied nor dissatisfied	I am a wheelchair user. Although I have a postal vote, I have attended this polling station in person and would prefer to have the option of doing so. While the ramp arrangements to get into the building are adequate (and if there is a problem I'm within shouting distance of staff inside who can assist) getting from the road pavement is not suitable. The church's ramp is too steep and too long for a manual wheelchair user. Positively dangerous for the descent on leaving. OK if with a carer who can push/restrain, but not if on one's own. Also out of earshot for getting help from within the building. Wheelchair access from the car park is possible, but not good and not sign posted.	No			Acknowledged

10/10/19 16:05	City Councillor		St John - K3 - Doris Hunt Room - The Green Centre, Gresham Road, WR2 5QS	Very dissatisfied	The polling station should NOT be moved to Dines Green School. A polling station at the school would disrupt the education of the children, the school has inadequate parking and is located on a busy road with parking restrictions. It would be an unsafe place for a polling station. The current arrangements work well, the Green Centre is a popular polling station, with good parking facilities and within easy walking distance of the entire polling district. It is not acceptable to close schools for this purpose. if you knew/could see what the Government have cramped into the curriculum for children for the time they are there its too much. closing schools for polling days is unacceptable and should not happen.	Yes (please give details of alternate location, including address and postcode)	keep it at the village hall or as if you can use the church hall at St marks in the orchard on Bath road, opposite the co op shop		Acknowledged
10/10/19 07:33	Voter /Elector		St Peter's Parish - L1 - The Hall - St Peter's Village Hall, St Peter's Drive, WRS 3TA	Very dissatisfied	The proposal of cherry orchard primary school as a polling station is not a viable solution. It has a 3 class intake so is one of the biggest primary schools in Worcester so it seems mad to me to stop the education of these students without much notice and what about the disruption to working parents. What about using village halls	Yes (please give details of alternate location, including address and postcode)	Surely it would be wiser to encourage individuals to postal votes rather than shutting more schools especially ones with such a large intake. 10/03/19 16:54	Voter /Elector		St Peter's Parish - L3 - The Hall - St Peter's Village Hall, St Peter's Drive, WRS 3TA	Very satisfied	My current pollong station is great in term of access and location. The proposal of using my childs school as a polling station is moronic, as this would mean the loss of pay for myself and many other parents, as well as a loss of education for the more 600 children that attend.	Yes (please give details of alternate location, including address and postcode)	St Marks Church is suitable and its use as a polling station does not have a mass effect on the local population	It is ridiculous to propose closing a school when there is already a suitable location, and at the same time fine parents for taking their children out of school for holidays which provide life experience	Acknowledged

08/14/2019 08:30:15 PM	Voter /Elector		St Stephen - M1 - Community Room - Billford Court, off Southdown Road, WR3 8HY	Neither satisfied nor dissatisfied	I don't really think that it's very fair to the residents as they lose the use of a communal living space. I'm not sure if this poses any safeguarding issues for the residents also. Also perdiswell school is used close by and this seems a silly choice too. It is not safe for pupils and so they lose a day of education. Surely there are more suitable public buildings.	Yes (please give details of alternate location, including address and postcode)	Perdiswell leisure centre, a portacabin on perdiswell leisure centre car park. Scout huts or church halls, st barnabas church. Nuffield leisure centre, blue roof, the old harvester grounds.	I don't think schools should be used. It poses a safeguarding issue and therefore the schools have to be closed. 09/26/2019 12:03:05 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Dissatisfied	Why close a School for a day, when St. Stephens Church, which is also a Polling Station, is used. Surely, voting can take place there for the surrounding areas. There is ample parking and is walking distance for most voters of this area. I currently walk past St. Stephens Church on my way to vote at Perdiswell Primary School. 08/15/2019 08:22:59 AM	Existing/proposed polling place contact		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	Using a school as a polling station is not practical for working parents. I work in a school myself so actually unable to have the time off. It is a pain for many of us and unnecessary.	Yes (please give details of alternate location, including address and postcode)	Other places have a cabin put in so why not use perdiswell leisure centre carpark or even the leisure centre itself, the field next to the school could hold a cabin or even bowl extreme carpark. 08/14/2019 10:44:38 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	It seems totally disproportionate and disruptive to use the school as a polling station where there are so many alternative venues in near proximity. It also costs families as it means identifying childcare for the polling days.	Yes (please give details of alternate location, including address and postcode)	Perdiswell leisure centre, perdiswell young peoples centre, St Stephen's church hall, possibly a porter cabin could be set up in the bowling extreme carpark. 08/14/2019 10:37:38 PM	Existing/proposed polling place contact		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	Why use a school when there are plenty of other public places that could be used? Very disruptive for parents and children especially when it's a Thursday and everyone including the grandparents work! I get minimal holiday a year and I end up making a 150mile round trip to take my child to relatives so that I can work. If I phone in sick I loose out on a days wage. Instead I uproot my child and spend alot more on petrol that week and after a 10 hour shift and not finishing until 7pm it's back on the motorway to collect my child!!	Yes (please give details of alternate location, including address and postcode)	Perdiswell sports centre. Perdiswell young peoples club. Both situated minutes from Perdiswell Primary School! 08/14/2019 09:52:16 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	This is a primary school, that should be being used for education and not being closed as a school, so it can be used as a polling station. It potential makes all the children vulnerable that day. Also the location is on a main road and has limited parking, without making the school having to close and open its boundaries. 08/14/2019 09:05:17 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	It is absurd that Perdiswell primary school is being used as a polling station. For the sake of one polling room, the entire school needs to be closed. The Head has made many representations to address this and I understand the boundary needs to be changed to use other buildings that are in very close proximity. So many learning days have been lost this year and further elections are on the horizon. Hundreds of children that can't attend school and hundreds of parents who have to take time off work. It can't possibly be seen as sensible or remotely okay to continue to use schools and cause such disruption.	Yes (please give details of alternate location, including address and postcode)	Not sure of the boundary lines. But Nuffield gym, perdiswell young people's club, perdiswell leisure centre, the cricket club next door??		Acknowledged

08/14/2019 09:00:37 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Dissatisfied	The use of the primary school requires the entire school to be closed. This is ok when the closures are planned and there is a teacher training day. When elections are short notice such as the European elections, this means children miss a day of school. This is disruptive for both the children and working parents.	Yes (please give details of alternate location, including address and postcode)	If there are no alternative buildings could something temporary be used e.g. A tent or a vehicle such as a bus or van? 08/14/2019 08:36:46 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	I live within walking distance of another station and my daughter attends this school which is always being used for polling. Why aren't other local venues being used in order not to disrupt education	Yes (please give details of alternate location, including address and postcode)	They could erect a portacabin in the vicinity as happens by the good rest pub that doesn't disrupt education	Our school is losing out on teaching days due to closing for voting and impacting on parents child care. Should not be happening every election. Needs sharing out with the community such as Northwick	Acknowledged
08/14/2019 08:34:44 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Very dissatisfied	I find it very inconvenient that voting is held at my children's school and that they close the school. This involves me or my husband having to take a day off of work to accommodate looking after the kids. I'm an osteopath and it means I am unable to offer a service on the voting day. 08/14/2019 05:20:38 PM	Voter /Elector		St Stephen - M2 - Stanbrook Hall - Perdiswell Primary School, Bilford Road, WR3 8QA	Neither satisfied nor dissatisfied	The space and location is fine but the disruption caused to the local community and the education of the children at the school when alternatives are available is unacceptable really. This year the school has to close for two Thursdays within a few weeks, one of which was accounted for by moving a Teacher Education Day so children only missed one days education but it means parents have to arrange care at short notice, take leave etc. There seems to be double standards where non-attendance at school can be punishable through fines but children losing a days education due to polling is perfectly acceptable? It could be seen to disadvantage children attending this school compared to other local schools if they are losing over a weeks worth of education through their school lives.	Yes (please give details of alternate location, including address and postcode)	Perdiswell Leisure Centre, Bilford Rd, Worcester, WR3 Perdiswell Young People's Leisure Club, Droitwich road, Worcester, WR3 7SN Both have rooms/halls of a suitable size and both have larger parking facilities than the school as well as being within walking distance for local residents (both are within 2 minutes walk of the school)		Acknowledged

08/14/2019 01:40:45 PM	Voter /Elector		Warndon Parish North - P1 - Main Hall - Woodgreen Evangelical Church, Hastings Drive, WR4 0SR	Very dissatisfied	I am very unhappy going to a church which is openly against things like gay marriage (and gay people in general). I do not agree with being forced to go in there for democracy, and be subject to their posters and propaganda. Whilst free speech rightly doesn't stop these places from spewing their opinions, the council shouldn't given them free publicity. Whilst I'm not religious, I'd rather see it held in a place that's more inclusive, such as the other church in the north of the villages.	Yes (please give details of alternate location, including address and postcode)	Possibly the other church in the north of the villages.	The Woodgreen evangelical church have been unhappy about gay marriage, and are anti-abortion (ignoring the many factors that go in to choices). They are very active with trying to grow their following, as it increases their budget with tithing. That is fine, but please don't force people to go there.	Acknowledged

08/14/2019 10:26:30 AM	Voter /Elector		Warndon Parish South - Q1 & Q2 - Hall 1 - Lyppard Hub, Ankerage Green, WR4 0DZ	Dissatisfied	The polling station a mile and a half from where we live. We are on the boarder of the polling district. There are no direct transport links. The park facilities are ok as long as other large activities (or school drop off /pick up) isn't happening.	Yes (please give details of alternate location, including address and postcode)	There are building closer to me with better transport links and parking. e.g. Ronkswood community centre however these would not be better for other parts of the polling district.	In our case I suspect we would be better in a different polling ward. We are not part of warndon villages but are in warndon south. Their issues are not the same as we have and the councillors manifestos do not relate to us.	Acknowledged
